Abstract

The Panel welcomes theoretical contributions on the different approaches to energy security, informed both by traditional strategic and security studies, securitization theory and other critical security approaches, as well as post-structuralist and post-modern analyses of the critical geopolitics and biopolitics of energy.

If you have a Paper you think might fit in this Panel, please contact the Panel Chair before the 15 February deadline. Please ensure you inform the Panel Chair of your email address as registered with your MyECPR account. If you do not have a MyECPR account, you can create one [here](#).
