

The Role of the Court of Justice of the EU in Policy-Making and Administrative Decisions of the EU

Panel Chair: Carlo Petrucci, University of Essex c.petrucci@essex.ac.uk

Abstract

Although in recent years the Court of Justice has not made radical decisions that significantly altered the constitutional relationships between the EU institutions and Member States, or promoted further integration, it is still a central actor to ensure respect of rule of law, compliance with the EU Treaties, and general principles of EU policy-making.

The Panel welcomes Papers that examine the evolution of Court of Justice with respect to particular policy-areas, to general principles of EU law, or its relationship with domestic courts.

If you have a Paper you think might fit in this Panel, please contact the Panel Chair before 15 February. Please ensure you inform the Panel Chair of your email address as registered with your MyECPR account. If you do not have a MyECPR account, you can create one [here](#).
