

## 5th Graduate Student Conference Innsbruck, Austria, 3 – 5 July 2014

### Guidelines and deadlines

#### Conference format

The academic programme will be organised in Sections and Panels, with each Section Chair organising a variety of Panels in a given field. The programme will be broad, with Sections covering all main areas of political science, political theory, international relations and European studies.

The Conference is open to graduate students only: those who are studying for a Master's or a PhD, or who hold junior postdoctoral positions. There is a two-stage selection process for proposals:

##### **Stage 1** Call for Sections

**1 July 2013 – 27 September 2013**

##### **Stage 2** Call for full Panels and individual Papers **28 October 2013 – 20 January 2014**

#### **Stage 1** Call for Sections

**1 July 2013 – 27 September 2013**

Only graduate students from ECPR Full-Member institutions may organise a Section. Co-Chairs may come from Associate or Non-Member institutions; check your institution's [membership status](#). Only the proposed Section Chair can submit a Section proposal; however, Section Chairs and Section Co-Chairs have equal responsibility for organising Sections.

All Section proposals must be submitted online through MyECPR. The Section Chair and Co-Chair must, therefore, have a [MyECPR account](#).

#### Your Section proposal requires

- Proposed Section Chair and Co-Chair to have a MyECPR account
- Email address for the Co-Chair, as registered in their MyECPR account
- Suggested Section (subject area), selected from the drop-down list (see Appendix 1)
- Abstract of no more than 500 words, in English, which summarises the key aims and objectives of the Section and includes ideas for Panels and Papers.

- Section Chairs may perform each conference function (eg Section Chair, Panel Chair, Discussant, Paper Giver) **only once** within the academic programme. You may submit more than one Paper but may present only one.

All proposals to organise Sections should be submitted online by **27 September 2013**. **Aspiring Section Chairs should be aware that submitting a proposal does not guarantee inclusion in the programme.** The Academic Convenors will select Sections by **28 October 2013**. The exact size of each Section (the number of Panels awarded) is at the discretion of the Academic Convenors, whose decision is final.

When judging Section proposals for acceptance, the Academic Convenors use the following criteria:

- a. Quality of proposal
- b. Participation potential

After evaluation by the Convenors, Sections may be declined or approved with a reduced number of Panels; therefore, even if a Panel is solicited and / or accepted for inclusion in a Section proposal, it is not guaranteed inclusion in the final programme, even if the Section itself is accepted. You will also need to make a formal proposal via the website, as detailed in Stage 2. Proposers will be emailed the decision on their Section submission as soon as possible after **28 October 2013**.

Any queries regarding the academic content of the proposed Section should be addressed to the Academic Convenors via [afoley@ecpr.eu](mailto:afoley@ecpr.eu) before the **27 September 2013** deadline.

**Section proposers please note** In addition to Panels included in your Stage 1 Section proposal, you will receive Panels with Papers and individual Paper proposals to your Section as part of Stage 2. These should be evaluated equally alongside any already proposed by the Section Chairs and, if accepted, will be allocated to a Panel the Section Chair feels most appropriate.

**Aspiring Section Chairs should be aware that submitting a proposal does not guarantee inclusion in the programme.**

# Stage 2 Call for Panels and individual Papers

**28 October 2013 – 20 January 2014**

The second stage is open to Graduate students from ECPR Full Member, Associate Member and Non-Member institutions, but all participants must have a [MyECPR account](#) because proposals are submitted online. Only the proposed Panel Chair can submit a Panel. At Stage 2 you can:

- Propose a Panel including 3 – 5 Papers
- Propose individual Papers to a particular Section

You will be asked to choose the Section for which your Panel or Paper is being considered, and select 3 – 8 keywords, which will help with the organisation of the academic programme.

You can submit proposals to more than one Section but even if you are successful, you will only be selected to Chair one Panel and to present one Paper.

Individuals may perform each conference function (eg Section Chair, Panel Chair, Discussant, Paper Giver) **only once** within the academic programme. You may submit more than one Paper but may present only one. If more than one Paper is accepted, you must find presenters for your additional Papers.

## Panel and Paper Selection

From **1 December 2013**, Section Chairs and Academic Convenors will be able to view proposed Panels via MyECPR. Section Chairs will then accept and decline Panels and Papers proposed to their Section. They have until **21 February 2014** to finalise Sections via MyECPR.

When assessing what to accept onto a Panel, Section Chairs should use the following criteria:

- a. Quality of proposal
- b. Fit with Section theme
- c. Whether a Panel or Paper proposed by the same person has already been accepted

From **22 February 2014** the Academic Convenors will review the recommendations of Section Chairs and, depending on the number and topics of Panels and Papers submitted, may decide to change Section compositions. This will be complete by **23 March 2014**. Central Services will notify Section and Panel Chairs of the Academic Convenors' decision by email, shortly after the deadline.

Panel Co-Chairs and Paper Co-Authors who do not intend to attend the conference should inform Central Services by **2 June 2014** to ensure their names appear in the conference programme.

Please email [afoley@ecpr.eu](mailto:afoley@ecpr.eu) with any scheduling requests as soon as possible. Deadline for receipt is **14 April 2014**. We will make every effort to accommodate your requests, but cannot guarantee their inclusion.
